Business **Midlands** **launches**

Bristol-based Nationwide Media Group is launching its Business Midlands exhibition and conference in Coventry.

The company has run Business North West for four years in Manchester and launched Business Yorkshire in Doncaster in 2008. Each attracts more than 200 exhibitors and 5,000 visitors.

The organiser is hoping to replicate the success with Business Midlands, which will be held at Coventry's Ricoh Arena from 12 to 13 May 2010.

Business North West takes place in Manchester from 28 to 29 October followed by Business Yorkshire at Doncaster Racecourse from 25 to 26 November.

Nationwide's exhibitions include the Bristol Classic Car Show, now in its 30th year and the South West Model Engineering Model Making and Hobbies Exhibition.
